

# Freshwater Science Summer Field Experience

Join us for a week-long field program where you will explore freshwater environments with faculty experts from UW-Eau Claire, UW-Stout, UW-River Falls, and UW-Oshkosh. We can't wait to get our feet wet with you!

**June 16-21, 2024**  
**Eau Claire, WI**

## Freshwater Themes

- Freshwater Systems of Western Wisconsin
- Groundwater Systems and Drinking Water
- Biodiversity in Streams
- Stream Restoration
- Lake Water Quality and Ecology
- Impact of Aquatic Invasive Species
- Water and Agriculture

**Eligibility:** Participants should be entering their Senior year of high school at the time of the program (Juniors at time of application).

**Logistics:** Participants will stay on the UWEC Campus. Housing and food will be provided at no expense to the participant.

**Cost:** Program costs are covered by the Freshwater Collaborative of Wisconsin. There is an option to take this course for one (1) college credit through UWEC. See website for more information.
