Freshwater Collaborative Course Development Survey 2024

Support from the Freshwater Collaborative has helped to enhance existing courses and to create new courses. **The Universities of Wisconsin has asked us to provide TOTAL numbers of students who have taken these courses since funding was first received from the Freshwater Collaborative.**

Only one survey per course is required; however, data from all institutions where the course was offered should be reflected in the responses. Please coordinate to gather the necessary data to complete the survey. **The deadline is Oct. 15.**

For questions about this evaluation survey, please email freshwater-collab@uwm.edu.
